Richmond, VA 22030

RE: Project 0123-029-000, C-501  
Roadways Adjacent to the  
CIA Headquarters at Langley,  
Fairfax, County

Dear Mr. Shaver:

I would like to provide the following information with regard to some issues which were discussed at the preliminary field review on 10 December 1986.

- a. We feel that maintenance of the landscaped areas of this project does not fall within the area of responsibility of the Central Intelligence Agency (CIA) nor do we have the resources to assume such a task.
- b. Based on a conversation between Mr. Roy Conley of your office and [redacted] of my staff on 7 January 1986, we understand that a reexamination of the existing right-of-way revealed that there will be no requirements for securing easements from the government.

We are in the process of scheduling a meeting of the Traffic Advisory Committee and will be in contact with members of your staff in the very near future to enlist their participation.

Sincerely,

[redacted]  
Chief, New Building Project Office, OL
